

# St. Paul Church and Sacred Heart Church

## Better Together

We the parishioners of St. Paul Parish are first and foremost followers of Jesus Christ. We promise to model our lives after His teaching and example and place ourselves in the service of His Kingdom.

We accept Archbishop Blair's call to form one strong, vibrant Parish in Berlin, Connecticut.

- We promise to be a welcoming community.
- We have a special place in our hearts and our ministry for our senior citizens. We also dedicate ourselves to the service of all the young people in our town, Saint Paul School, the Saint Paul Parish Religious Education Program and the Berlin Catholic Youth Ministry.
- We will work to combine all of our ministries and activities, enabling us to better serve the people of our new combined parish.
- We promise to look beyond the boundaries of our community and be of service to our brothers and sisters in need.
- We are resolved to keep both of our campuses open as long as there are sufficient people, clergy and financial resources to do so. We encourage our parishioners to attend the worship space of their choice, always remembering that we are called to form one parish and one community in Christ.
