

PARISH NURSE MINISTRY

We are pleased to share our plans for a new ministry here at St. Paul Church. The purpose of the Parish Nurse Ministry is to encourage and promote health of the mind, body, and spirit of the church and community through education and prayer.

We hope to accomplish this by developing educational programs and other activities such as blood pressure screening, presentations, flu shot clinics and support groups. We will also help connect parishioners with community resources that are available to them.

If you are a nurse and are willing to share your time and skills with us, or if you are not a nurse but have had experience in any health topic and would be willing to teach or share your experience, please provide your contact information below and return it in the collection basket at mass or use the mail slot at the parish center. Thank You!

Judy McCormack and Linda Colella

I am a nurse and would like more information on how I can help the Parish Nurse Ministry:

Name _____

Phone Number _____

Email _____

I am not a nurse, but I am another health care professional and/or I have experience that I believe will be helpful to the Parish Nurse Ministry and would like more information on how I can help:

Name _____
